Financial Information

Next you will complete the financial information section

You don't need to make any payments as part of this application process. However, you'll need to pay your fees before you can be fully enrolled. If you're offered a place, you'll receive an Enrolment Offer letter outlining how much to pay. Your fees may include:

- Tuition fees
- Non tuition fees e.g. Student Services Levy
- Special application fees

Student Services Levy Rebate

All New Zealand universities charge an annual student services levy to provide for various student services on campus - they're there to make your student experience all that it can be, so make the most of them. The Student Services Levy has a lifetime cap equivalent to five years of full Levy payment (e.g. five years of study at current year annual rate). This cap won't apply until you've paid the equivalent of five years of full payment since 2010. See the [Student Services Levy Policy \(PDF, 208KB\)](#) for further information.

Some students may be eligible for a rebate for part of the levy. To help us determine your eligibility, please answer the following question.

We will notify you of any rebate decision via email, and where applicable, UC Financial Services will contact you with details on how to obtain your refund. If you authorised payment of your Student Services Levy from your Student Loan, any refund must be paid back to your account at Studylink.

For more information, please visit [UC Student Services Levy](#).
